GameOn Recovery

The following statements about the GameOn Recovery Product have been attested to by the scientists who collaborated in the research and formulation of the product.

GameOn Recovery is a functional food/beverage and is labeled accordingly. All FDA requirements and CFR Title 21 regulations are met and guidelines followed for the labeling of this product. A Nutrition Facts box is properly included on the label of this food.

GameOn Recovery includes no prohibited substances or regulated ingredients for Texas high schools, NCAA or USOC. Further, the nutritional composition meets all guidelines and regulations for products intended for these markets.

GameOn Recovery is produced in a NSF GMP Registered Facility and meets or exceeds all requirements for such certification.

GameOn Recovery contains no unhealthful ingredients found in other products of its class. There are no artificial colorants, preservatives or flavorings; no hydrogenated fats; no high fructose corn syrup (HFCS) or other syrups implicated in obesity and no brominated vegetable oils. GameOn Recovery contains only natural colors and flavors.

GameOn Recovery is a scientifically-sound recipe of established nutrients, correctly balanced for proper physiological utilization.

GameOn Recovery contains a balanced blend of simple and complex carbohydrates for sustained energy and to prevent the typical “sugar rush” and “sugar crash” precipitated by highly sugared foods and beverages. Foods and beverages with high sugar and HFCS content raise blood sugar levels tremendously and then elicit an insulin response which clears the bloodstream of the ingested sugar. This practice has been implicated as a cause and exacerbating factor in Metabolic Syndrome which is marked by hypertension (the raising of blood pressure), diabetes and obesity.

GameOn Food Bars

GameOn Food Bars contain all natural ingredients. The products are dairy free, cholesterol free, trans fat free, gluten free with no artificial flavors, no colors and no preservatives. The bars contain healthful all natural ingredients that make them “Nutrient Dense”.

GameOn is currently working with the USDA offices in Atlanta, Georgia and Washington D.C. to achieve “Child Nutrition” (CN) certification of the products. Once that designation has been acquired the products will be released for marketing by GameOn Coordinators in each state.

GameOn products are sold only through GameOn appointed Coordinators assigned to territories throughout the U.S. Therefore, GameOn Sports Nutrition is the Sole Source for all its products.

To Whom It May Concern:

Jackie Sherrill, President and National Coordinator of GameOn Sports Nutrition, has visited with Senator Ken Armbrister of Governor Perry's staff as part of the guidelines and protocol of GameOn Sports Nutrition. Coach Sherrill presented all of the scientific information and nutritional facts of GameOn Recovery to be sold to the athletes, male and female, in the state of Texas.

The following is acknowledged on GameOn Recovery:

1. It is not a dietary supplement;
2. It does not in any way violate Section 1. Chapter 38, Amended 38.011 of the State of Texas Education Code;
3. It meets the NCAA guidelines Bylaw 16.5.2.2, 16.5.2.g which requires products to contain no NCAA banned substances and a correct protein/calorie profile;
4. It is manufactured in an NSF GMP-Registered Facility--which guarantees the purity and safety of the product(s) and will carry the NSF insignia on the label;
5. It has no artificial colorants or flavors;
6. It is classified as a Food/Beverage Drink with nutrition facts to meet the FDA requirements.

Senator Ken Armbrister has given GameOn Sports Nutrition permission to instruct any one with any questions or concerns regarding GameOn Recovery to contact him directly at 512-463-1830.
